Grown-up notes and answers

1. The small, narrow block.
2. The top block, before it falls.
3. At the bottom.
4. The long block, lying flat.
5. The tower wobbles.
6. Wide block below, smaller block above; any simple drawing is enough.
7. No high tower, climbing, hard thrown blocks or small choking pieces. A wobble is information, not a contest.
8. The top block.
